

Bouffant Caps

Disposable bouffant caps provide protection against contamination while remaining lightweight and comfortable to wear. Made of high quality spun-bound polypropylene, these are suitable for food preparation and service, and clean room compatible. When used as part of a regular hygiene program, they reduce the potential for cross-contamination. Flame retardant in accordance with the Flammable Fabrics Act, Part 1610 for the Flammability of Clothing Textiles (CS-191-53). Rofson bouffant caps are made from materials that fully comply with FDA rules for food contact.

- Breathable and lightweight, made from spun-bound polypropylene
- Caps have an elastic band, not gathers for comfort
- Packed flat allows for easy dispensing while minimizing storage space
- White is available in 18" (BC1800), 21" (BC1000), 24" (BC2400)
- Light Blue is available in 21" (BC21B)
- Beard Protector is available in 18" white (BP18L)
